Description

Stunning villa only five minutes drive away from the Arenal of Javea with open views to the sea and the Montgo. The villa is distributed over two levels and offers three double bedrooms and three bathrooms.

Entering the property through a large gate, you will be impressed by the long, spacious driveway leading to the main entrance. The main living area on the ground level opens up when we come into the house, walking down two steps into the open plan living with connected dining and lounge area, fully equipped kitchen, one en suite bedroom with large built-in wardrobe, a guest toilet and the internal staircase leading to the upper level.

The whole ground level is designed to connect and enjoy the inside with the outside; that's why all rooms have direct access to the covered naya and the terraces that boast open views of the mountain and sea.

On the upper level are two double bedrooms connected by a wide door
