Description

Just a short stroll from the heart of Teulada only 300 metres away this unique villa enjoys a rare position where rural calm meets the convenience of town living.

Surrounded by open countryside and mountain scenery, the home is designed to make the most of outdoor life. A shaded terrace invites long lunches and relaxed evenings, while the private swimming pool, built-in barbecue area, and enclosed garage add comfort and practicality. The property also includes two additional storage buildings and purpose-built installations for olive oil production and storage.

Set within an expansive 5,120 m² plot, the land is planted with mature, highly productive olive trees and operates as an established olive oil venture. Fully equipped for harvesting and processing, the estate delivers consistent annual yields, with clear potential to scale production further or diversify into other agricultural uses.

With its panoramic views, productive land, and proximity to town amenities
