Description

Set within a private, guarded urbanization in Altea, this substantial four-floor villa offers the rare combination of security, privacy and space in one of the Costa Blanca's most sought-after towns. Behind its gates you'll find a private pool, a mature garden, and a south-facing terrace and balcony the kind of setting that makes the most of Altea's famously mild, sunny climate almost all year round.

The villa itself is generously proportioned: 680 m² built across four floors, with 600 m² of usable floor space set on a 700 m² plot. It offers four bedrooms and four bathrooms, fitted wardrobes throughout, a separate storage room, air conditioning, and included parking everything a family needs, just waiting for the right finish.

That's really the heart of this opportunity. The property is being sold as a second-hand home needing renovation, and the interiors are still unfinished which means a buyer can shape every detail to their own taste.
